

2009-2010 Sign-Up Information

Dear Educator,

Thank you for your interest in *The Oklahoman's* Newspapers In Education program for the 2009-2010 school year! We are thrilled to continue our tradition since the 1960s of providing newspapers and award-winning educational programs to schools at little or no cost.

Please complete the form on the following page to enroll in the Newspapers In Education program for the 2009-2010 school year. With the exception of the special print deliveries noted below, all schools will receive daily copies of *The Oklahoman* via the Electronic Edition, accessible through a password-protected site on any computer with Internet access at your school.

The newspaper will appear just as it would if you were holding a printed copy in your hands. Oklahoma teachers already using the Electronic Edition have found that it provides a way to deliver the news in a format students are comfortable using, and we believe this developing technology will allow even more students in your school access to the news and information of this great state. The Electronic Edition is frequently used in either a computer lab setting or from a teacher's computer through a projector at schools with classrooms not equipped with individual student computers.

Please note that *funding is limited*, and preference will be given to accredited public and private schools according to a first-come, first-served basis in the case of limited sponsorship funds.

There are many advantages to using the Electronic Edition, including:

- Skim headlines and flip through pages just as you would with a printed newspaper!
- Save, print and email articles with the click of a button!
- Environmentally friendly!
- Reliable delivery!
- Generate discussions about current events!
- Search each day's newspaper with a search tool to quickly find people, places or subjects your class is studying!
- Integrate technology into your classroom, and connect with your students through the technology they thrive on!
- Help students understand the relevance of their studies and excite them about their class work by utilizing news stories, sports scores and even the comics in educational lessons!

Enrollment in the NIE program includes:

- School access to *The Oklahoman* Electronic Edition and *Oklahoman* Archives, Mondays through Fridays.
- Automatic enrollment in all special NIE in-paper programs, including delivery of at least one classroom set (25 copies) of all printed educational student wraps and supplements (limited to schools in delivery areas).
- Monthly delivery of at least one classroom set (25 copies) of the print edition of the Sunday *Oklahoman* containing an educational program (limited to schools in delivery areas).

Here's how the program works:

- Step 1: Fill out and sign the form on the following page.
- Step 2: Receive your school's username and password via email to access the Electronic Edition.
- Step 3: Access the Electronic Edition and receive special printed materials throughout the year!

It's that easy! Please contact us with any questions at (405) 475-4137 or wkleinman@oklahoman.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Wendy Kleinman".
